

QMainWindow

```
graph BT; Watchdog --|> QMainWindow
```

A UML class diagram illustrating inheritance. At the bottom is a box labeled 'Watchdog' with a light gray fill and a black border. A solid blue arrow points vertically upwards from the 'Watchdog' box to a box labeled 'QMainWindow' at the top. The 'QMainWindow' box has a white fill and a light gray border. This arrow represents that 'Watchdog' inherits from 'QMainWindow'.

Watchdog
